Citizen Input Form

No matter how hard the City's elected officials and employees try to keep track of all the things that need to get done, there are bound to be items that get overlooked. In an effort to keep track of the City's responsibilities, we need citizens to let us know if there are things that aren't getting done. Perhaps a pothole needs to be filled. Maybe there is junk in a road ditch. Possibly the streetlight on your block is burned out. You, the citizen, notice these things and you need to notify us of your concerns.

We try hard to make sure everything gets done, but sometimes things get missed. In an effort to improve service and make the City a better place to live in and work in, please use this form if you feel something that is the City's responsibility is not getting done. You live and work in the community and you can help us to keep track of our commitments. Explain what needs to be done and the location of the problem. We'll look at what you submit and try to find a way to address it. There may be items that can't be addressed for good cause, but if we can't take care of something we will attempt to explain why. Thank you for helping use make Carlisle a better community.

Date: _____

Description of condition to be addressed: _____

Location: _____

Your Name (in case we need more information): _____

Your Phone No. & Address: _____

City Action taken: _____

Date: _____ By Whom: _____

You may drop off the form in the drop box behind City Hall, or fax at 989-4395.
